Resident's Name:

Personal Care Services - Check all prompt/assistance required (continued):

- Transitioning from chair Assistance with standing

Comments:

Capability for Medication Administration

To the Physician: Section 3722.011 of the Ohio Revised Code and Rule 5122-30-23 (A)(2)(c) of the Administrative Code requires that residents who live in adult care facilities be evaluated for their ability to self-administer medications with or without limited assistance. Please mark all statements that apply:

- No assistance is needed
- Needs assistance with self-administration of medication (Check below)
- Needs staff to open container and can request assistance
 - Needs reminders when to take medication
 - Needs watching to ensure resident follows directions on container
 - Needs staff to take medications from locked storage and hand to resident
 - Needs staff to read label and directions upon request
 - Needs staff member to remind resident/other designee when prescribed medicine needs refilled
- Is physically impaired but mentally alert and therefore (List physical impairment and check 1 and/or 2 below):
- Needs assistance in removing oral or topical medication. As used in paragraph (c)(3) of rule 5122-33-17 of the Administrative code, "topical medication" means a medication other than a debriding agent used in the treatment of a skin condition or minor abrasion, and eye, nose, or ear drops excluding irrigations.
 - Needs staff member to place a dose of medication in a container and place container to his or her mouth if resident is physically unable to do so without spilling it.

- Resident unable to self-administer medication. Please explain:
